**St. Corona, an early Christian martyr
from the east and a „heavenly helper“
during these stressful Corona times**

Almighty GOD,
who repeatedly forgives the sins of your people
when they come to you in repentance,

in the same way that you answered the prayers
of Moses and David
and put a stop to the plagues that had broken out,
now also listen to our prayer:

turn the Corona plague away from us,
strengthen all those affected or frightened
by this crisis and protect everyone
who is threatened by it.

Do not let this plague spread any further.
We ask this through the intercession
of Saint Corona, your faithful servant,
AMEN
